SUMMARY

Web developer able to build a Web presence from the ground up -- from concept, navigation, layout and programming to SEO. Fast learner, hard worker and team player who is proficient in an array of languages and multimedia Web tools. Looking for environment that embraces new and emerging technologies to create innovative solutions to a variety of projects.

SKILLS

Languages / Coding : HTML5, CSS3, Javascript, Jquery, Angularjs, NodeJS, MongoDB, Firebase, Git, Github, WebRTC, Sockets, ECPages, Bootstrap (Learning PHP and MySQL)

Other: Windows, Linux, Unix Command Line, Email Protocol, Windows Office Suite, Search Engine Optimization (SEO), Audio/Video Editing, beginner photoshop

EDUCATION

DevMountain - Immersive coding program - Graduate October 2015:
Three month immersive course at Dev Mountain. A more than full time coding bootcamp where I learned the Mean Full Stack and Front-End to back-end development. During the course I picked up many skills that build me up as a coder and developer. I didn't just learn to code I learned to learn which is one of the most important skills in the ever growing and changing tech field. And completing 3 fullstack projects during my time there.

Sky View High School - Graduate 2014 (3.5 GPA):
At Sky VIew I learned many valuable skills which prepared me for life and work beyond high school. I took several college level classes which included psychology, peer tutor (working with life skills teens) and personal finance. I was also active in Future Business Leaders of America and the Utah High School Film Festival while at Sky View.

WORK EXPERIENCE

EMBROIDERY.COM

Front-End Developer (December 2015 - Current)

Work on business and client side applications to bring them up to date to current standards and make them mobile friendly. Learned and used proprietary languages and frameworks to accomplish tasks also integrated new technologies and languages such as Bootstrap, JQuery, CSS3, HTML5 and ECMAScript6 (ES6). Adopted a mobile first mindset and used it in development. raised the company's Joel Test Score from a 2/12 to a 8/12 by implementing things such as a bug database, daily builds, an up-to-date schedule, and fixing bugs before writing new code.

Cache County School District - Sky View High School (August 2014 - June 2015)

Special Needs Aid
Worked with special-needs high school students in areas such as tutoring, behavior management, and life skills. Assisted teachers in lesson planning and classroom management. Provided tech support to department staff as needed

Five Guys Burgers and Fries (January 2014- September 2014)
Cook and Cashier

Camp Counselor- 4H Aggie Adventures Utah State University (Summer 2011)
Group leader for children in educational activities.
